MAY NAME MCNEAL TO SUCCEED RAINES

BUT EX-COUNCILMAN SAYS HE HAS NO TIME FOR JOB.

OTHER SIDE WISHES TO CALL SPECIAL ELECTION

City Executive's Opponents Want to Choose Successor to Council Head by Vote.—Is Vacant Now.

Who is to succeed H. L. Raines as councilman, with Marve Peery, in the Third ward of Maryville?

That is the question which none, not even city officials, seem able to definitely answer. Mr. Raines recently moved from the Third to the Fourth ward and consequently forfeited his rights as councilman. It thereby leaves a vacancy in the council when that body next meets, October 1.

Mayor Wright announced this morning that he will tender the appointment to Charles McNeal of the Price & McNeal Furniture Company, if no special election is held to select a successor. But Mr. McNeal, in an interview this morning, announced that he would probably not accept the appointment, on acount of lack of time to devote to the office.

Oppose Appointment by Mayor.

Mr. McNeal is considered an able man for the place. He served two years as councilman, that being in 1912 and 1913, and only lost reelection in April, 1914, by two votes, his opponent being Mr. Raines, who served since that time until his removal this month.

But then again, another stumbling block pops up. When asked about the situation yesterday, one councilman emphatically stated that he would not consent to the appointment of a successor to Mr. Raines by Mayor Wright. That instead the successor must be secured by special election. As he is one of the remaining five councilmen who have opposed Mayor Wright's moves recently on several occasions, it looks very much as though Mr. Raines' successor must be by special election.

Can't Appoint for 2 Weeks.

The law provides that the Mayor may appoint a successor in the council within six months of next election. As the next election comes on April 4, 1916, Mayor Wright would be prevented from appointing anyone before October 4, or three days after the next council meeting. That will leave Mr. Raines' place vacant next meeting.

If a councilman is to be named before the six months, it must be by special election, and may be secured by that manner even after October 4. But as a special election would cost between $50 and $60, Mayor Wright said this morning, he favored appointment, rather than an election of a successor to Mr. Raines.

Mr. Raines was president of the board of councilmen. But probably one of the councilmen holding over will take up that position instead of the successor to Mr. Raines, unless experienced in councilmanic work.

GLOBE TROTTER IS HERE.

Andrew G. Haight, New York Club Man on World Tour on a Wager.

Touring the world on a wager, Andrew G. Haight of New York City, arrived in Maryville last evening. He has traveled many thousand miles, walking part of the way. Mr. Haight left New York City August 5, 1912, and by the terms of the agreement, he must complete the tour in ten years.

He is to visit every capital city in the United States and every civilized country on the globe. He cannot beg, borrow or steal or accept money to assist in defraying the expenses of his trip but must earn it all. He makes his living by giving lectures and promoting vaudeville acts.

Mr. Haight will appear at the Fern theatre tonight.

METHODIST MEN WANT COX

First Church Brotherhood Urges Return of Pastor.—To Entertain Dr. W. B. Christy.

A resolution urging the return of the Rev. G. S. Cox, as pastor for another year, of the First Methodist church here, was adopted unanimously at a meeting of the Men's Brotherhood of the church last night. The resolution asked Dr. W. B. Christy, district superintendent, to urge the return of Mr. Cox here. It will be presented at the fourth quarterly conference here Monday, September 26.

Arrangements also were made for a reception to Dr. W. B. Christy and Mrs. Christy here Tuesday night, September 28, because of the retirement of Dr. Christy as superintendent of this district after the annual Missouri conference at Cameron, October 7 to 14. A committee consisting of Mr. Cox Dr. A. B. Allen and Henry Wright was named to arrange for the reception.

A supper was held prior to the meeting.

NODAWAY REPAIRING ROADS

Township Board Begins Improvement of Highways, Preceding Receipt of $35,000 Bonds.

A meeting of the township board of Nodaway township will be held in the offices of the Northwestern bank at Burlington Junction tomorrow afternoon to arrange for repairing the roads and bridges of that township, and the proper expenditure of the $35,000 in bonds, recently voted for that purpose. The township board is composed of U. S. Reavis, trustee; George A. Surface and John R. Plummer. Homer Yates is clerk.

Bids for the purchase of the Nodaway township bonds will be received by the county court here Monday, October 4. Soon after that the money will be available, but probably not until late in the fall.

Two members of the board, Messrs. Reavis and Surface, met with the county court here recently, according to the Post. The court allowed them $100 to help pay the expense of filling the large hole on the Quitman road a quarter of a mile north of the Green township line. Bert Hull will give them the dirt for the fill, and the road will be straightened. They are working on it this week and it is thought that the job will cost about $200 when completed.

The county court also agreed to put in a five-foot cement arch on the road near the Tobin and Lemon farms four miles east of town. This is a very deep gully and it requires a large culvert to take care of the water. The road will be straightened when the new culvert is in. It is estimated the job will cost about $500 in addition to the filling. The county court will furnish everything except $100 and the grading.

The board had six teams at work on the bottom road northwest of Burlington Junction last week and they made a big improvement on it. The fill east of the new culvert near the Houston and Bever farms northeast of Burlington Junction was badly damaged by floods this summer and the township board had six teams at work there the last of the week. The fill was replaced in good shape.

APPEALS GAMING CHARGE.

Roy O. Yeaman, Fined $50 by City, Takes Case to Circuit Court.

Roy O. Yeaman, who was fined $50 and costs of $13.25 in police court here last December for allowing a gaming device to be operated in his place, appealed the case to circuit court today.

POSTPONE STATE CASE.

Art Shill, Is Charged with Driving Car Without License.

The trial of Art Shill of St. Joseph, who was arrested in Burlington Junction a few days ago, on a charge of having operated an automobile without a license, to have been held before Justice J. A. Barr at Burlington Junction today was postponed indefinitely. Prosecuting Attorney William G. Sawyers went there to prosecute the case.

The state law provides for a penalty ranging from $25 to $100 for each violation.

35 NAME FARM HOME

NODAWAY COUNTY FARMERS REGISTER TITLE OF COUNTRY PLACE.

CAN'T USE SAME TITLE

Any Place May Get Copyrighted for $1, But Don't Copy of Neighbor.—Some Original.

There are thirty-five registered farm names in Nodaway county, according to records maintained by County Clerk Fred J. Yeomans, among the several thousand farm homes of the county. A number of other farmers have named their places, but have failed to have them registered, however.

The only advantage of course in getting the name registered, is that no other resident of the county can register his farm home with the same name. The fee is but $1. Many of the names are stereotyped ones and are in use everywhere, while a few are distinctly original. Take that of the "Plenty Wood Stock Farm," owned by Theodore Guenthers, near Conception Junction.

It is not only original, but aptly describes the condition of his farm, in that there is plenty of wooded land thereon.

The registry of the thirty-five farm homes has been made from November 21, 1907, soon after the law went into effect, to April 26, 1915, when the name of the farm home of George H. Cox, was registered.

The following farmers of Nodaway county have already registered the names of their farm homes, according to records kept by County Clerk Yeomans:

The Pines, C. H. Eaton.
Hill Top Farm, A. R. Hills.
Liberty Farm, A. R. Hills.
Glen Cove, James L. Hepburn.
Pine Hurst, E. H. Payne.
Riverside, F. D. Miller.
Hill Crest, Maranda Miller.
Forest View Stock Farm, Willard Ingram.
Clover Hill, Oliver P. Bogart.
Springdale Stock Farm, L. D. Bosley.
Burr Oak, John G. Hays.
Ash Wood Farm, A. E. McMaster.
Edgewood Stock Farm, E. S. Sewell.
Prairie View Stock Farm, C. E. Graham.
Fair View Farm, J. E. Anderson.
Valley View Farm, Adolph Lippman.
Ridge View Farm, Henry N. Moore.
Willow Brook Stock Farm, J. O. Thompson.
Grand View, Edward Allen.
Willowdale, William Job.
White Meadows, Lewis E. White.
Maple View Farm, T. J. Pugh.
Oakland Farm, E. W. Bishop.
Silverdale Stock Farm, A. Collins & Son.
Pleasant View, J. A. Lech.
Sunny Brook Poultry Farm, John S. Gross.
Plenty Wood Stock Farm, Theodore Guenthers.
Arbor Crest, Theodore Blatter.
Ivy Dale, I. V. Moore.
Fair Acres, E. O. Glenn & Son.
River View Farm, O. T. Culver.
Sunnyside Farm, F. D. Miller.
Breezy Heights, W. H. Tucker.
Sun Set Hill, A. R. and L. M. Robinson.
Shady Nook Stock Farm, George H. Cox.

DEMOCRATS MEET TOMORROW

All Nodaway Countians Urged to Attend Conference Here.—To St. Joseph October 1.

A meeting of the Democratic leaders of Nodaway county has been called for 3 o'clock tomorrow afternoon in the courtroom of the court house, for the purpose of completing arangements for the county delegation to the Champ Clark rally at St. Joseph Friday, October 1. All who can, are urged not only to attend the meeting here tomorrow but also to be present at the St. Joseph rally.

From reports being received from over the county today by local leaders and by John M. Dawson, county chairman, the attendance tomorrow is going to be good and that many will go from Nodaway county to the Champ Clark rally. Besides Champ Clark, Senators Stone and Reed, Governor Major and other state officers and leading Democrats of Missouri will be present and speak.

PLAN A FOWL SHOW

QUITMAN TO AGAIN HAVE POULTRY EXHIBIT, NOV. 24-26.

EXPECT MANY ENTRIES

Birds From Nodaway and Atchison Counties Expected.—Grant City to Hold Display in December.

The second annual poultry show will be held at Quitman November 24, 25 and 26, according to a decision of the association officers a few days ago, says the Burlington Junction Post.

In addition to the $50 cash premiums, there will be a number of other premiums given. There will be a large entry list this fall, several exhibitors from Maryville and vicinity already having agreed to exhibit.

The Quitman association had a successful show last year and it promises to be even better this fall. The officers of the association are: president, A. Johnston; treasurer, Mary Brooks, secretary, H. England.

Grant City will have a poultry show December 15, 16 and 17.

WESLEYAN DEBTS ARE PAID

Cameron Methodist College Is Now Endowed After Finance Campaign of 5 Years Duration.

Missouri Wesleyan college of Cameron, for the first time in its history, has now a cash endowment and is free from debt. With the completion a few days ago of a campaign to raise $118,000, W. A. Rankin of Tarkio, presented the college with a check for $25,000 giving the college a cash endowment of $143,000. James Clelland of New Hampton also gave $25,000.

Six years ago, when President H. R. De Bra, D. D., came from Epworth seminary at Epworth, Iowa, the college hadn't a cent of endowment and owed $55,000. Five years ago Dr. De Bra announced a campaign. W. A. Rankin promised $25,000 if the remainder were raised and Dr. De Bra has been touring the state, making speeches, preaching sermons and making pleas to private individuals ever since.

A few days ago there was still lacking $58,000 of the amount pledged. The donors hadn't paid in their subscriptions and Dr. De Bra wanted to finish his campaign. Thirty men volunteered to make good the deficit by putting up negotiable securities of that amount and the endowment became a reality.

Part of the money will be used in establishing courses in agriculture and domestic science and equipping laboratories for these departments, Dr. De Bra said.

Missouri Wesleyan has excelled in athletics, winning the state championship in football last year. Dr. De Bra previously had been at Cornell college, Mt. Vernon, Iowa.

BERLIN IS CONFIDENT

GERMANS SEE NO BREAK BETWEEN "FATHERLAND" AND U. S.

OFFICIALS ARE OPTIMISTIC

After Conference Teutonic Heads See Continued Friendly Relations Since Agreement to Partial Arbitration.

Berlin, Sept. 17.—Following a conference between Foreign Secretary Von Jagow, Under Secretary Zimmerman, Chancellor Hollwel and others at the foreign officers, today, it was officially stated that the German government is confident there will be no break with the friendly relations with the United States.

Extreme optimism follows since the Americans have announced that they would arbitrate certain points relative to the Arabic and submarine warfare in general.

SKIDMORE FOLKS TO PICNIC

Monroe Township and All Her Friends to Gather for all Day Celebration Tomorrow.

The people of Skidmore and Monroe township will hold a community picnic tomorrow in the grove near Skidmore. The gathering will be in the nature of a home coming celebration and a real old fashioned picnic dinner will be one of the principal delights of the day.

The Skidmore band will furnish the music during the entire day and in the afternoon a regular program of entertainment has been arranged. The Rev. C. R. Green, pastor of the Harmony community church will make an address and J. L. Kellogg, R. B. Foster, H. W. Montgomery and F. H. Barrett of Skidmore are also on the program for speeches. According to the official program, the balance of the entertainment will be announced from the platform and these features have been kept as a surprise for the crowd.

WERE WEDDED SEPTEMBER 5

Miss Faye Green and Frank Henderson Kept Marriage a Secret for Nearly Two Weeks.

None of the employees of the Knox garage knew until today that the demure little bookkeeper for the company Miss Faye J. Green, put Mrs. to her name almost two weeks ago, and they would not have known it yet if some friends of the newly weds had not become suspicious and just naturally made them tell.

And now Miss Green is called Mrs. Henderson. She was married to Frank Henderson, an employe of the U. S. Copper Cable Company, Sunday night, September 5. The ceremony was performed at the First Baptist church by the Rev. Lewis M. Hale. No one was let into the secret except Mr. and Mrs. E. F. Tibbetts, who witnessed the ceremony.

The bride went to the home of her parents, Mr. and Mrs. Alfred Green, 404 East Jenkins street, and the groom to the home of his mother, Mrs. M. T. Henderson, after the ceremony, without making any announcement whatever of the wedding. For the present, Mrs. Henderson wil remain in the employ of the Knox company.

For the next few weeks Mr. and Mrs. Henderson will be at home with her parents. At that time they are planning a honeymoon trip and at its conclusion will build a cottage there.

FARMERS GET LIGHT SERVICE

Nineteen Along Route from Maryville Subscribe for Electric System.—Work Being Done Rapidly.

The work of extending the current lines of the Maryville electric light and power company to Pickering is being rapidly done.

The most of the farmers along the intervening route between towns, have contracted for the service, and the wiring of the houses will be done as soon as the main lines are installed. Those subscribing at present are Charles Eckert, A. Merrill, W. T. Ramsey, Charles Holt, Charles Stafford, Dennis Collins, D. C. Johnson, William Myers, Floyd Alexander, J. A. Clark, John Anderson, G. P. Bainum, Jones & Pierce, Ernest Bainum, A. W. Neil, G. L. Hackett, L. H. Frazee, Eri Bosch and William Burks.

Practically every residence and business house in Pickering has been wired and the system will probably be ready for use in a few weeks.

WAR EXPORTS INCREASE.

Nearly $50,000,000 in Supplies and Munitions Shipped in July.

American exports of war supplies are increasing enormously, now that converted munitions plants are getting into full swing. Figures made public by the bureau of foreign and domestic commerce show that shipments of horses, mules, automobiles, aeroplanes and explosives, all classed as war supplies, aggregated nearly $50,000,000 in July.

The principal increase compared with June exports was in the classification of "all other explosives," including shells and other ammunition of special manufacture, which jumped from $5,911,929 to $9,329,303. Automobiles, the only item to show a material decrease, decreased from $14,500,000 to $11,000,000.

Horses and mules to the value of $12,600,000 were exported in July as against $10,500,000; 138 aeroplanes, valued at $880,836, were shipped, compared with 62 machines worth $283,212 in June. July exports of cartridges were valued at $2,427,761, about the same as the preceding month; of dynamite $100,899, a slight increase, and of gunpowder $4,567,929, compared with $3,234,549 in June.

HORSES GAIN IN MISSOURI.

Increase Shown in Numbers and Value, But Cattle and Sheep Show a Loss.

Horses continue to be the chief live stock product of Missouri. This is established by the returns of the various assessors of the state covering a period of ten years. The gain in numbers during this time has been but 44,768 head, but the increase in value amounts to $10,617,012.

From 1905 to 1915 mules have gained in numbers exactly 101,077, and in value, $6,501,055.

Cattle show a heavy loss for this period, both in numbers and value. In 1905 there were 2,630,348 head, valued at $32,162,324. The assessment for the present accounts for but 1,848,258 head, valued at $28,574,019. This is a loss of 782,090 head, valued at $3,588,305.

Sheep also record a loss. In 1905 there were 714,264 head assessed at $1,087,439. The present assessment accounts for but 504,741 head, valued at $785,465. This is a loss in numbers of 209,523, and in valuation of $301,974.

There were 126,477 fewer hogs listed for this year's taxes than for 1905, but there is a gain in valuation of $514,209.

The year 1912 was the banner one for hogs in numbers, but not in valuation. That year they numbered 2,395,260 head and were valued at $6,237,813.

Sheep were at the top in 1910, both as to numbers and valuation. Then there were 1,031,559 head, valued at $1,893,836.

TAKE LAST YEAR'S SEED.

Washington, D. C., Sept. 17.—Owing to the generally backward state of this year's corn crop in many of the northern, but important growing sections of the belt, there is danger of injury to the crop by killing frost, the occurrence of which may be expected at any time. It is, therefore, important that every effort possible be made to secure good seed for next year's crop. Where any last year's corn is left it should be gone over and the best ears saved for seed. Moreover, as corn matures unevenly it is possible to secure seed from the early ears before the rest of the crop is matured.

GET MUCH EUROPEAN GOLD.

U. S. Receives 100 Million From Europe Last Month—Total 250 Million.

The huge consignment of gold—more than 64 million dollars—that arrived in New York this week from England, makes a total net importation of more than 100 million since August 1, and 250 million since the beginning of the year.

About 100 million represents a return of gold that went abroad last summer when the international trade balance was against the United States and the nations now at war were seeking to strengthen their banks by piling up gold. Of the remainder, about 19 million came from Japan, China, South America, Holland and Denmark, and 131 million from England and France.

In addition to this huge amount of gold, 100 million dollars in American stocks and bonds have been sent to this country by banks in England and France in the past five weeks, to settle trade balances, and unknown quantities of stocks and bonds—probably 200 million dollars or more—have been sent here by their former European owners to be sold on the market.

Mr. Wm. G. Gross,
Maryville, Mo.

Dear Sir: A gallon saved is $4 or $5 earned. Devoe saves 2 or 3 gallons in 10. How much is it worth a gallon?

A gallon saved saves the painting too; and both together cost $4 or $5—$4 where labor is cheap; $5 where labor is dear.

Our agents in Bridgeport, Conn, Hubbell & Wade Co, tells us: "There are a great many workingmen's houses here. They used to paint lead-and-oil and take ten gallons. We have been selling them ten gallons Devoe lead-and-zinc, and have had, in every instance, two gallons returned." The proportion is often higher than that; we have known it five in ten; but that is exceptional.

This is the explanation: Devoe is ground by machinery, and is ground fine; lead-and-oil is mixed by hand, and isn't ground at all. Yours truly,

F. W. DEVOE & CO.,
New York, Chicago and Kansas City.

P. S.—Koch's Pharmacy sells our paint.

Missourians Win 113 Medals.

Norman M. Vaughn, member of the Missouri Commission to the Panama-Pacific Exposition, has announced that Missouri has won 113 medals at the fair.

Fifty-six medals went to Missouri's agricultural interests, and 57 were awarded for industrial displays.

THE GREEN BUG HERE AGAIN.

Inquisitive Insect Re-appears Around Bright Lights and Pesters Pedestrians.

The little green bug, scientifically known as a member of the Jassidea family, re-appeared in Maryville last night. Although he bothered persons any and everywhere, he was particularly plentiful around the bright lights and especially on the "white way" poles.

The green bugs usually hide about the roots of the grass and the trees, only coming out when the night is warm and the wind is right. Last night was just such an occasion. The mercury stood at exactly the proper figure and there was the requisite amount of moisture in the air.

MODERN RIP VAN WINKLE RETURNS

George W. Cram at Eighty-five Marvels at Sights.

PRISONER TWENTY YEARS.

Electric Cars, Autos and Women's Styles Amaze Pardoned Wife Slayer. Remembers Seeing Henry Clay Playing Game of Poker—Praises Warden Osborne's Mutual Welfare League.

New York.—George W. Cram, a modern Rip Van Winkle, awoke here after hibernating over twenty years near the foothills of the Catskills. But unlike his legendary predecessor, Cram's exile was involuntary. He has been a prisoner in Sing Sing and was the patriarch of the grim prison's convicts. At eighty-five he was freed by a pardon from Governor Whitman after escaping death in the electric chair, to which he had been sentenced for killing his wife.

On his return here the aged man, who, despite his years, was known in prison as "Kid" Cram, rode for the first time in an automobile and an electric train.

A long drawn "A-h-h!" was the only exclamation he uttered as he emerged from the Grand Central station and gazed with bewilderment at the busy scenes.

"Gosh, how it's grown!" he said as soon as he got his breath. "That's one of the electric street cars, eh? They are big things, all right. Gee, when I went away they had just got cable cars, and we thought them wonderful."

Cram had left the prison after bidding goodby to all his old cronies and the officers at Sing Sing.

On the train the old man became reminiscent.

"The old rum is no good for any one," he said, "and my advice to a boy is, don't take your first drink. I remember my first drink, all right. It was way back in 1848, on a Mississippi river steamboat.

"I was a young lad then, and I saw Henry Clay playing a game of poker with some other men. He took me between his knees and gave me his 'hand' to play. After it was over he gave me his glass of wine to drink. I don't remember whether I won the game or not, but I know I've played many games since then.

"Say, boys," he began suddenly veering his conversation to Sing Sing, "Warden Osborne's Mutual Welfare league is the greatest thing that was ever instituted in a prison. When I first went into the prison it was a hell on earth. Now it is a paradise."

Reverting to his own case, he said:

"When I was fighting in the Indian campaign near the California line in 1846 I was hit in the nose with an Indian musket. I think that old wound was the direct cause of my trouble. You know, I served in three wars—the Mexican, Indian and civil wars.

"I had been out of work for some time and I began to worry. After that I don't remember a thing, until I woke up to find I had been in the death house at Sing Sing for over a week and was under sentence of death for killing my wife. I never quarreled with my wife."

Cram took a walk along Fifth avenue before going to the home of his granddaughter.

"Gee," he whispered, "how the women dress nowadays! In my time they would have been locked up if they went about with as little clothes on as that.

"I don't think I'll go down to Coney Island yet. It's thirty-five years since I was there. I'm going to California after a few days here. I haven't been there since the days of '49."

Cram was given $10 when he left Sing Sing. He had earned one and a half cents per day.

"I sent that to my family," he said. "Altogether I earned $136 while I was there. I think they ought to pay convicts a dollar a day. They earn it."

BLIND BASEBALL FAN.

John Moore of Decatur, Ill., Has That Distinction.

Decatur, Ill.—John Moore of this city has entered the competition for the distinction of being the most confirmed baseball fan of the country. Moore is blind, but is not depending upon that infirmity to bring him any advantage over his rivals.

The prize to go with the distinction is a ticket admitting the holder to any ball game between professional teams in this country or Canada.

Moore has a strong claim to the title and is prepared to submit evidence, as conclusive as practicable, that he has not missed a game at Decatur, which is a member of the Three-I league, in eight years.

DAIRY

DETECTION OF DIRT IN MILK

Sediment Test Shows Dairyman Degree of Cleanliness of Milk—Covered Pail Is Favored.

The sediment test is the best method of detecting dirt in milk. This test should be used wherever milk is sold. It shows the dairyman the degree of cleanliness of his milk.

In order that as little dirt as possible may adhere to the cows, clip their udders, flanks and tails. All

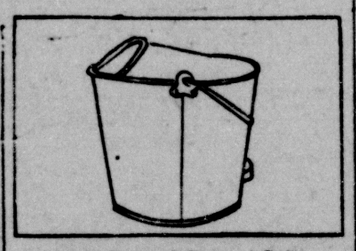
Pail Keeps Out Dirt.

loose dust can be easily brushed off with the hands before milking. Do not allow anyone to milk wet, as this is a filthy practice.

The cows keep unsoiled on grass in a night pasture, while if they are kept in a dry barnyard the loose, ry manure will stick to their udders and bodies and drop into the pail. If kept in the barnyard in rainy weather it is almost impossible to milk them without first washing their udders.

A covered pail closed about two-thirds with a hood, will keep out at least 75 per cent of the dirt. These pails are just as convenient to use as the ordinary ones, and cost little more.

A strainer will not take out the fine sediment in milk, but is useful for taking out hair and other large foreign stuff and is good for detecting the dirty milker. One farmer uses a strainer made from an ordinary 14-quart tin dishpan. A five-inch hole is cut in the center of the bottom. A ring two inches wide and of the same diameter as the hole is soldered on, over which another rings slips to hold the strainer cloth. Huck toweling makes a very good strainer cloth. Such a strainer covers a factory can,



Good Type of Covered Pail.

preventing the milk from becoming exposed every time the can is opened.

All cans and utensils are washed and scalded every time used, and given their daily sun bath to keep them sweet.

FEW PRACTICAL DAIRY HINTS

Pure Food Laws Won't Worry If Only Clean, Wholesome Products Are Sent to the Markets.

When counting the by-products of the dairy, do not forget the skim milk allowed to clabber, of which the delicious Dutch or cottage cheese is made. When not all is needed on the home table, it can readily be disposed of at good prices.

Send out only clean, wholesome food products, then the pure food laws will have no worry for you.

Don't feed lice, get rid of them. If the stock has been cleanly kept, there will be no lice to get rid of. Very seldom is a cow or calf lousy when in good condition. Keep their stalls and premises clean, give wholesome feed and enough of it, and the cows will not raise lice.

A little corn or bran will not hurt the cows and will save many steps of getting up the cows to milk. Don't forget the salt at the regular time. Grass requires more salt than did the dry feed of winter.

Feed the calves enough to have them do well. Allow them the run of a grassy, shaded lot, and unless supplied naturally with water, be sure to keep some before them.

Too rich feed may give the young calf indigestion. Guard against this, as after once becoming out of fix, it is much harder to regulate. Keep them well and keep them growing. This is true of all young stock, the only way to make a profit of it is to keep it growing.

Ration for Dairy Cows.

The average grain ration for dairy cows should contain at least one pound of cottonseed meal, as feeding this material results in a firmer fat and harder butter. The greasy appearance in the butter is caused by the softness of the fat globules, and the addition of the cottonseed meal will remedy this matter.

Water for Calves.

Set a pail of water into the corner of your calves' pen. You will find they will drink when not more than two weeks old. They often get very thirsty during the long, hot days of summer.

MAY NAME MCNEAL TO SUCCEED RAINES

BUT EX-COUNCILMAN SAYS HE HAS NO TIME FOR JOB.

OTHER SIDE WISHES TO CALL SPECI ALELECTION

City Executive's Opponents Want to Choose Successor to Council Head by Vote.—Is Vacant Now.

Who is to succeed H. L. Raines as councilman, with Marve Peery, in the Third ward of Maryville?

That is the question which none, not even city officials, seem able to definitely answer. Mr. Raines recently moved from the Third to the Fourth ward and consequently forfeited his rights as councilman. It thereby leaves a vacancy in the council when that body next meets, October 1.

Mayor Wright announced this morning that he will tender the appointment to Charles McNeal of the Price & McNeal Furniture Company, if no special election is held to select a successor. But Mr. McNeal, in an interview this morning, announced that he would probably not accept the appointment, on acount of lack of time to devote to the office.

Oppose Appointment by Mayor.

Mr. McNeal is considered an able man for the place. He served two years as councilman, that being in 1912 and 1913, and only lost reelection in April, 1914, by two votes, his opponent being Mr. Raines, who served since that time until his removal this month.

But then again, another stumbling block pops up. When asked about the situation yesterday, one councilman emphatically stated that he would not consent to the appointment of a successor to Mr. Raines by Mayor Wright. That instead the successor must be secured by special election. As he is one of the remaining five councilmen who have opposed Mayor Wright's moves recently on several occasions, it looks very much as though Mr. Raines' successor must be by special election.

Can't Appoint for 2 Weeks.

The law provides that the Mayor may appoint a successor in the council within six months of next election. As the next election comes on April 4, 1916, Mayor Wright would be prevented from appointing anyone before October 4, or three days after the next council meeting. That will leave Mr. Raines' place vacant next meeting.

If a councilman is to be named before the six months, it must be by special election, and may be secured by that manner even after October 4. But as a special election would cost between $50 and $60, Mayor Wright said this morning, he favored appointment, rather than an election of a successor to Mr. Raines.

Mr. Raines was president of the board of councilmen. But probably one of the councilmen holding over will take up that position instead of the successor to Mr. Raines, unless experienced in councilmanic work.

METHODIST MEN WANT COX

First Church Brotherhood Urges Return of Pastor.—To Entertain Dr. W. B. Christy.

A resolution urging the return of the Rev. G. S. Cox, as pastor for another year, of the First Methodist church here, was adopted unanimously at a meeting of the Men's Brotherhood of the church last night. The resolution asked Dr. W. B. Christy, district superintendent, to urge the return of Mr. Cox here. It will be presented at the fourth quarterly conference here Monday, September 26.

Arrangements also were made for a reception to Dr. W. B. Christy and Mrs. Christy here Tuesday night, September 28, because of the retirement of Dr. Christy as superintendent of this district after the annual Missouri conference at Cameron, October 7 to 14. A committee consisting of Mr. Cox Dr. A. B. Allen and Henry Wright was named to arrange for the reception.

A supper was held prior to the meeting.

NODAWAY REPAIRING ROADS

Township Board Begins Improvement of Highways, Preceding Receipt of $35,000 Bonds.

A meeting of the township board of Nodaway township will be held in the offices of the Northwestern bank at Burlington Junction tomorrow afternoon to arrange for repairing the roads and bridges of that township, and the proper expenditure of the $35,000 in bonds, recently voted for that purpose. The township board is composed of U. S. Reavis, trustee; George A. Surface and John R. Plummer. Homer Yates is clerk.

Bids for the purchase of the Nodaway township bonds will be received by the county court here Monday, October 4. Soon after that the money will be available, but probably not until late in the fall.

Two members of the board, Messrs. Reavis and Surface, met with the county court here recently, according to the Post. The court allowed them $100 to help pay the expense of filling the large hole on the Quitman road a quarter of a mile north of the Green township line. Bert Hull will give them the dirt for the fill, and the road will be straightened. They are working on it this week and it is thought that the job will cost about $200 when completed.

The county court also agreed to put in a five-foot cement arch on the road near the Tobin and Lemon farms four miles east of town. This is a very deep gully and it requires a large culvert to take care of the water. The road will be straightened when the new culvert is in. It is estimated the job will cost about $500 in addition to the filling. The county court will furnish everything except $100 and the grading.

The board had six teams at work on the bottom road northwest of Burlington Junction last week and they made a big improvement on it. The fill east of the new culvert near the Houston and Bever farms northeast of Burlington Junction was badly damaged by floods this summer and the township board had six teams at work there the last of the week. The fill was replaced in good shape.

APPEALS GAMING CHARGE.

Roy O. Yeaman, Fined $50 by City, Takes Case to Circuit Court.

Roy O. Yeaman, who was fined $50 and costs of $13.25 in police court here last December for allowing a gaming device to be operated in his place, appealed the case to circuit court today.

The trial of Art Shill of St. Joseph, who was arrested in Burlington Junction a few days ago, on a charge of having operated an automobile without a license, to have been held before Justice J. A. Barr at Burlington Junction today was postponed indefinitely. Prosecuting Attorney William G. Sawyers went there to prosecute the case.

The state law provides for a penalty ranging from $25 to $100 for each violation.

35 NAME FARM HOME

NODAWAY COUNTY FARMERS REGISTER TITLE OF COUNTRY PLACE.

CAN'T USE SAME TITLE

Any Place May Get Copyrighted for $1, But Don't Copy of Neighbor.—Some Original.

There are thirty-five registered farm names in Nodaway county, according to records maintained by County Clerk Fred J. Yeomans, among the several thousand farm homes of the county. A number of other farmers have named their places, but have failed to have them registered, however.

The only advantage of course in getting the name registered, is that no other resident of the county can register his farm home with the same name. The fee is but $1. Many of the names are stereotyped ones and are in use everywhere, while a few are distinctly original. Take that of the "Plenty Wood Stock Farm," owned by Theodore Guenthers, near Conception Junction.

It is not only original, but aptly describes the condition of his farm, in that there is plenty of wooded land thereon.

The registry of the thirty-five farm homes has been made from November 21, 1907, soon after the law went into effect, to April 26, 1915, when the name of the farm home of George H. Cox, was registered.

The following farmers of Nodaway county have already registered the names of their farm homes, according to records kept by County Clerk Yeomans:

The Pines, C. H. Eaton.
Hill Top Farm, A. R. Hills.
Liberty Farm, A. R. Hills.
Glen Cove, James L. Hepburn.
Pine Hurst, E. H. Payne.
Riverside, F. D. Miller.
Hill Crest, Maranda Miller.
Forest View Stock Farm, Willard Ingram.
Clover Hill, Oliver P. Bogart.
Springdale Stock Farm, L. D. Bosley.
Burr Oak, John G. Hays.
Ash Wood Farm, A. E. McMaster.
Edgewood Stock Farm, E. S. Sewell.
Prairie View Stock Farm, C. E. Graham.
Fair View Farm, J. E. Anderson.
Valley View Farm, Adolph Lippman.
Ridge View Farm, Henry N. Moore.
Willow Brook Stock Farm, J. O. Thompson.
Grand View, Edward Allen.
Willowdale, William Job.
White Meadows, Lewis E. White.
Maple View Farm, T. J. Pugh.
Oakland Farm, E. W. Bishop.
Silverdale Stock Farm, A. Collins & Son.
Pleasant View, J. A. Lech.

DEMOCRATS MEET TOMORROW

All Nodaway Countians Urged to Attend Conference Here.—To St. Joseph October 1.

A meeting of the Democratic leaders of Nodaway county has been called for 3 o'clock tomorrow afternoon in the courtroom of the court house, for the purpose of completing arangements for the county delegation to the Champ Clark rally at St. Joseph Friday, October 1. All who can, are urged not only to attend the meeting here tomorrow but also to be present at the St. Joseph rally.

From reports being received from over the county today by local leaders and by John M. Dawson, county chairman, the attendance tomorrow is going to be good and that many will go from Nodaway county to the Champ Clark rally. Besides Champ Clark, Senators Stone and Reed, Governor Major and other state officers and leading Democrats of Missouri will be present and speak.

PLAN A FOWL SHOW

QUITMAN TO AGAIN HAVE POULTRY EXHIBIT, NOV. 24-26.

EXPECT MANY ENTRIES

Birds From Nodaway and Atchison Counties Expected.—Grant City to Hold Display in December.

The second annual poultry show will be held at Quitman November 24, 25 and 26, according to a decision of the association officers a few days ago, says the Burlington Junction Post.

In addition to the $50 cash premiums, there will be a number of other premiums given. There will be a large entry list this fall, several exhibitors from Maryville and vicinity already having agreed to exhibit.

The Quitman association had a succeccful show last year and it promises to be even better this fall. The officers of the association are: president, A. Johnston; treasurer ,Mary Brooks, secretary, H. England.

Grant City will have a poultry show December 15, 16 and 17.

WESLEYAN DEBTS ARE PAID

Cameron Methodist College Is Now Endowed After Finance Campaign of 5 Years Duration.

Missouri Wesleyan college of Cameron, for the first time in its history, has now a cash endowment and is free from debt. With the completion a few days ago of a campaign to raise $118,000, W. A. Rankin of Tarkio, presented the college with a check for $25,000 giving the college a cash endowment of $143,000. James Clelland of New Hampton also gave $25,000.

Six years ago, when President H. R. De Bra, D. D., came from Epworth seminary at Epworth, Iowa, the college hadn't a cent of endowment and owed $55,000. Five years ago Dr. De Bra announced a campaign. W. A. Rankin promised $25,000 if the remainder were raised and Dr. De Bra has been touring the state, making speeches, preaching sermons and making pleas to private individuals ever since.

A few days ago there was still lacking $58,000 of the amount pledged. The donors hadn't paid in their subscriptions and Dr. De Bra wanted to finish his campaign. Thirty men volunteered to make good the deficit by putting up negotiable securities of that amount and the endowment became a reality.

Part of the money will be used in establishing courses in agriculture and domestic science and equipping laboratories for these departments, Dr. De Bra said.

Missouri Wesleyan has excelled in athletics, winning the state championship in football last year. Dr. De Bra previously had been at Cornell college, Mt. Vernon, Iowa.

Berlin, Sept. 17.—Following a conference between Foreign Secretary Von Jagow, Under Secretary Zimmerman, Chancellor Hollwel and others at the foreign officers, today, it was officially stated that the German government is confident there will be no break with the friendly relations with the United States.

Extreme optimism follows since the Americans have announced that they would arbitrate certain points relative to the Arabic and submarine warfare in general.

SKIDMORE FOLKS TO PICNIC

Monroe Township and All Her Friends to Gather for all Day Celebration Tomorrow.

The people of Skidmore and Monroe township will hold a community picnic tomorrow in the grove near Skidmore. The gathering will be in the nature of a home coming celebration and a real old fashioned picnic dinner will be one of the principal delights of the day.

The Skidmore band will furnish the music during the entire day and in the afternoon a regular program of entertainment has been arranged. The Rev. C. R. Green, pastor of the Harmony community church will make an address and J. L. Kellogg, R. B. Foster, H. W. Montgomery and F. H. Barrett of Skidmore are also on the program for speeches. According to the official program, the balance of the entertainment will be announced from the platform and these features have been kept as a surprise for the crowd.

WERE WEDDED SEPTEMBER 5

Miss Faye Green and Frank Henderson Kept Marriage a Secret for Nearly Two Weeks.

None of the employees of the Knox garage knew until today that the demure little bookkeeper for the company Miss Faye J. Green, put Mrs. to her name almost two weeks ago, and they would not have known it yet if some friends of the newly weds had not become suspicious and just naturally made them tell.

And now Miss Green is called Mrs. Henderson. She was married to Frank Henderson, an employe of the U. S. Copper Cable Company, Sunday night, September 5. The ceremony was performed at the First Baptist church by the Rev. Lewis M. Hale. No one was let into the secret except Mr. and Mrs. E. F. Tibbetts, who witnessed the ceremony.

The bride went to the home of her parents, Mr. and Mrs. Alfred Green, 404 East Jenkins street, and the groom to the home of his mother, Mrs. M. T. Henderson, after the ceremony, without making any announcement whatever of the wedding. For the present, Mrs. Henderson wil remain in the employ of the Knox company.

For the next few weeks Mr. and Mrs. Henderson will be at home with her parents. At that time they are planning a honeymoon trip and at its conclusion will build a cottage there.

FARMERS GET LIGHT SERVICE

Nineteen Along Route from Maryville Subscribe for Electric System.—Work Being Done Rapidly.

The work of extending the current lines of the Maryville electric light and power company to Pickering is being rapidly done.

The most of the farmers along the intervening route between towns, have contracted for the service, and the wiring of the houses will be done as soon as the main lines are installed. Those subscribing at present are Charles Eckert, A. Merrill, W. T. Ramsey, Charles Holt, Charles Stafford, Dennis Collins, D. C. Johnson, William Myers, Floyd Alexander, J. A. Clark, John Anderson, G. P. Bainum, Jones & Pierce, Ernest Bainum, A. W. Neil, G. L. Hackett, L. H. Frazee, Eri Bosch and William Burks.

Practically every residence and business house in Pickering has been wired and the system will probably be ready for use in a few weeks.

BRAVES DEFEAT PIRATES 10-1.

Tilson Allowed Few Hits in the High School Baseball Game at Normal.

The Braves, a high school baseball team, defeated the Pirates at the Normal grounds yesterday afternoon by the score of 10 to 1. Tilson and Harris was the battery for the Braves.

Tilson allowed few hits and struck out many. Woodward and Egley pitched for the Pirates while Egley and Van Cleve were the receivers.

WAR EXPORTS INCREASE.

Nearly $59,000,000 in Supplies and Munitions Shipped in July.

American exports of war supplies are increasing enormously, now that converted munitions plants are getting into full swing. Figures made public by the bureau of foreign and domestic commerce show that shipments of horses, mules, automobiles, aeroplanes and explosives, all classed as war supplies, aggregated nearly $50,000,000 in July.

The principal increase compared with June exports was in the classification of "all other explosives," including shells and other ammunition of special manufacture, which jumped from $5,911,929 to $9,329,303. Automobiles, the only item to show a material decrease, decreased from $14,500,000 to $11,000,000.

Horses and mules to the value of $12,600,000 were exported in July as against $10,500,000; 138 aeroplanes, valued at $880,836, were shipped, compared with 62 machines worth $283,212 in June. July exports of cartridges were valued at $2,427,761, about the same as the preceding month; of dynamite $100,899, a slight increase, and of gunpowder $4,567,929, compared with $3,234,549 in June.

HORSES GAIN IN MISSOURI.

Increase Shown in Numbers and Value, But Cattle and Sheep Show a Loss.

Horses continue to be the chief live stock product of Missouri. This is established by the returns of the various assessors of the state covering a period of ten years. The gain in numbers during this time has been but 44,768 head, but the increase in value amounts to $10,617,012.

From 1905 to 1915 mules have gained in numbers exactly 101,077, and in value, $6,501,055.

Cattle show a heavy loss for this period, both in numbers and value. In 1905 there were 2,630,348 head, valued at $32,162,324. The assessment for the present accounts for but 1,848,258 head, valued at $28,574,019. This is a loss of 782,090 head, valued at $3,588,305.

Sheep also record a loss. In 1905 there were 714,264 head assessed at $1,087,439. The present assessment accounts for but 504,741 head, valued at $785,465. This is a loss in numbers of 209,523, and in valuation of $301,974.

There were 126,477 fewer hogs listed for this year's taxes than for 1905, but there is a gain in valuation of $514,209.

The year 1912 was the banner one for hogs in numbers, but not in valuation. That year they numbered 2,395,260 head and were valued at $6,237,813.

Sheep were at the top in 1910, both as to numbers and valuation. Then there were 1,031,559 head, valued at $1,893,836.

Market Livestock.

The following Nodaway County stock men marketed livestock in St. Joseph yesterday: G. T. Clardy, Elmo; C. Cooper, E. G. Wells, Chas. Morrow, Ravenwood; W. J. Breit, Barnard; and E. J. Fine, Hopkins.

Foot Scalded; To Hospital.

Miss Frankie Masters, southwest of Maryville, who had her foot scalded badly a month ago by boiling water, was taken to St. Francis hospital yesterday afternoon to receive treatment.

TAKE LAST YEAR'S SEED.

Washington, D. C., Sept. 17.—Owing to the generally backward state of this year's corn crop in many of the northern, but important growing sections of the belt, there is danger of injury to the crop by killing frost, the occurrence of which may be expected at any time. It is, therefore, important that every effort possible be made to secure good seed for next year's crop. Where any last year's corn is left it should be gone over and the best ears saved for seed. Moreover, as corn matures unevenly it is possible to secure seed from the early ears before the rest of the crop is matured.

GET MUCH EUROPEAN GOLD.

U. S. Receives 100 Million From Europe Last Month—Total 250 Million.

The huge consignment of gold—more than 64 million dollars—that arrived in New York this week from England, makes a total net importation of more than 100 million since August 1, and 250 million since the beginning of the year.

About 100 million represents a return of gold that went abroad last summer when the international trade balance was against the United States and the nations now at war were seeking to strengthen their banks by piling up gold. Of the remainder, about 19 million came from Japan, China, South America, Holland and Denmark, and 131 million from England and France.

In addition to this huge amount of gold, 100 million dollars in American stocks and bonds have been sent to this country by banks in England and France in the past five weeks, to settle trade balances, and unknown quantities of stocks and bonds—probably 200 million dollars or more—have been sent here by their former European owners to be sold on the market.

Mr. Wm. G. Gross,
Maryville, Mo.

Dear Sir: A gallon saved is $4 or $5 earned. Devoe saves 2 or 3 gallons in 10. How much is it worth a gallon?

A gallon saved saves the painting too; and both together cost $4 or $5—$4 where labor is cheap; $5 where labor is dear.

Our agents in Bridgeport, Conn, Hubbell & Wade Co, tells us: "There are a great many workingmen's houses here. They used to paint lead-and-oil and take ten gallons. We have been selling them ten gallons Devoe lead-and-zinc, and have had, in every instance, two gallons returned." The proportion is often higher than that; we have known it five in ten; but that is exceptional.

This is the explanation: Devoe is ground by machinery, and is ground fine; lead-and-oil is mixed by hand, and isn't ground at all. Yours truly,

F. W. DEVOE & CO.,
New York, Chicago and Kansas City.

P. S.—Koch's Pharmac; sells our paint.

Missourians Win 113 Medals.

Norman M. Vaughn, member of the Missouri Commission to the Panama-Pacific Exposition, has announced that Missouri has won 113 medals at the fair.

Fifty-six medals went to Missouri's agricultural interests, and 57 were awarded for industrial displays.

Fall Clothes Are Ready

You are invited to attend our great exhibit of fall fashions—come any day when convenient, look around all you want to; don't feel obliged to buy anything; we'll be glad to see you and we'll try to make it a pleasure to you.

Society Brand models for young men are a great show—clever new styles—beautifully draped coats—new young patterns and weaves, very interesting; $15 to $25.

Men's finest ready clothes—the Stein-Bloch make—are here for early choosing—the best fabrics in the world, fine imported weaves, the best tailoring in the world, and sizes for every figure, $18.50 to $30.00

For the man who wants to pay $10 to $15 for a suit or overcoat, we have a very strong line of all wool fabrics, made up for us on the same models as the higher priced lines.

But then—best of all is our line of Sun PROOF SERGES in men's and young men's suits at $15.00. They are the best we have ever shown for the price—Coats are venetian lined, hand finished, hand made button holes—the trousers made for cuffs, with belts to match. You better see them early.

Boys' Clothes for all occasions are ready, fine Norfolk models, suits with extra knickers, a wonderful lot of fine goods for boys' wear, $3.50 to $10.00.

Our Fall Hat Show Will Please You with its variety; Stetson Hats; Lion Hats, Bear Hats.

Fall Styles in Shoes are ready; we feature the Florsheim bench made shoes at $5.00, others at $2.50, $3.00 and $3.50.

THE GREEN BUG HERE AGAIN.

Inquisitive Insect Re-appears Around Bright Lights and Pesters Pedestrians.

The little green bug, scientifically known as a member of the Jassidea family, re-appeared in Maryville last night. Although he bothered persons any and everywhere, he was particularly plentiful around the bright lights and especially on the "white way" poles.

The green bugs usually hide about the roots of the grass and the trees, only coming out when the night is warm and the wind is right. Last night was just such an occasion. The mercury stood at exactly the proper figure and there was the requisite amount of moisture in the air.

A corn stalk 11 feet high, with three ears and three shoots, is being exhibited by Charles Spoonemore, near Ravenwood.

Atchison Downs Bonds.

The voters of Atchison county voted down the proposition to issue $250,000 in special road improvement bonds this week, the negatives winning by ninety votes. It required a two-thirds majority to carry.

MODERN RIP VAN WINKLE RETURNS

George W. Cram at Eighty-five Marvels at Sights.

PRISONER TWENTY YEARS.

Electric Cars, Autos and Women's Styles Amaze Pardoned Wife Slayer. Remembers Seeing Henry Clay Playing Game of Poker—Praises Warden Osborne's Mutual Welfare League.

New York.—George W. Cram, a modern Rip Van Winkle, awoke here after hibernating over twenty years near the foothills of the Catskills. But unlike his legendary predecessor, Cram's exile was involuntary. He has been a prisoner in Sing Sing and was the patriarch of the grim prison's convicts. At eighty-five he was freed by a pardon from Governor Whitman after escaping death in the electric chair, to which he had been sentenced for killing his wife.

On his return here the aged man, who, despite his years, was known in prison as "Kid" Cram, rode for the first time in an automobile and an electric train.

A long drawn "A-h-h!" was the only exclamation he uttered as he emerged from the Grand Central station and gazed with bewilderment at the busy scenes.

"Gosh, how it's grown!" he said as soon as he got his breath. "That's one of the electric street cars, eh? They are big things, all right. Gee, when I went away they had just got cable cars, and we thought them wonderful."

Cram had left the prison after bidding goodby to all his old cronies and the officers at Sing Sing.

On the train the old man became reminiscent.

"The old rum is no good for any one," he said, "and my advice to a boy is, don't take your first drink. I remember my first drink, all right. It was way back in 1848, on a Mississippi river steamboat.

"I was a young lad then, and I saw Henry Clay playing a game of poker with some other men. He took me between his knees and gave me his 'hand' to play. After it was over he gave me his glass of wine to drink. I don't remember whether I won the game or not, but I know I've played many games since then.

"Say, boys," he began suddenly veering his conversation to Sing Sing, "Warden Osborne's Mutual Welfare league is the greatest thing that was ever instituted in a prison. When I first went into the prison it was a hell on earth. Now it is a paradise."

Reverting to his own case, he said:

"When I was fighting in the Indian campaign near the California line in 1846 I was hit in the nose with an Indian musket. I think that old wound was the direct cause of my trouble. You know, I served in three wars—the Mexican, Indian and civil wars.

"I had been out of work for some time and I began to worry. After that I don't remember a thing, until I woke up to find I had been in the death house at Sing Sing for over a week and was under sentence of death for killing my wife. I never quarreled with my wife."

Cram took a walk along Fifth avenue before going to the home of his granddaughter.

"Gee," he whispered, "how the women dress nowadays! In my time they would have been locked up if they went about with as little clothes on as that.

"I don't think I'll go down to Coney Island yet. It's thirty-five years since I was there. I'm going to California after a few days here. I haven't been there since the days of '49."

Cram was given $10 when he left Sing Sing. He had earned one and a half cents per day.

"I sent that to my family," he said. "Altogether I earned $136 while I was there. I think they ought to pay convicts a dollar a day. They earn it."

BLIND BASEBALL FAN.

John Moore of Decatur, Ill., Has That Distinction.

Decatur, Ill.—John Moore of this city has entered the competition for the distinction of being the most confirmed baseball fan of the country. Moore is blind, but is not depending upon that infirmity to bring him any advantage over his rivals.

The prize to go with the distinction is a ticket admitting the holder to any ball game between professional teams in this country or Canada.

Moore has a strong claim to the title and is prepared to submit evidence, as conclusive as practicable, that he has not missed a game at Decatur, which is a member of the Three-I league, in eight years.

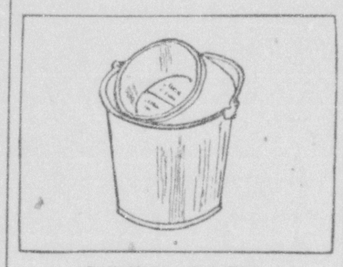
DAIRY

DETECTION OF DIRT IN MILK

Sediment Test Shows Dairyman Degree of Cleanliness of Milk—Covered Pail Is Favored.

The sediment test is the best method of detecting dirt in milk. This test should be used wherever milk is sold. It shows the dairyman the degree of cleanliness of his milk.

In order that as little dirt as possible may adhere to the cows, clip their udders, flanks and tails. All



Pail Keeps Out Dirt.

loose dust can be easily brushed off with the hands before milking. Do not allow anyone to milk wet, as this is a filthy practice.

The cows keep unsoiled on grass in a night pasture, while if they are kept in a dry barnyard the loose, ry manure will stick to their udders and bodies and drop into the pail. If kept in the barnyard in rainy weather it is almost impossible to milk them without first washing their udders.

A covered pail closed about two-thirds with a hood, will keep out at least 75 per cent of the dirt. These pails are just as convenient to use as the ordinary ones, and cost little more.

A strainer will not take out the fine sediment in milk, but is useful for taking out hair and other large foreign stuff and is good for detecting the dirty milker. One farmer uses a strainer made from an ordinary 14-quart tin dishpan. A five-inch hole is cut in the center of the bottom. A ring two inches wide and of the same diameter as the hole is soldered on, over which another rings slips to hold the strainer cloth. Huck toweling makes a very good strainer cloth. Such a strainer covers a factory can,

preventing the milk from becoming exposed every time the can is opened.

All cans and utensils are washed and scalded every time used, and given their daily sun bath to keep them sweet.

FEW PRACTICAL DAIRY HINTS

Pure Food Laws Won't Worry If Only Clean, Wholesome Products Are Sent to the Markets.

When counting the by-products of the dairy, do not forget the skim milk allowed to clabber, of which the delicious Dutch or cottage cheese is made. When not all is needed on the home table, it can readily be disposed of at good prices.

Send out only clean, wholesome food products, then the pure food laws will have no worry for you.

Don't feed lice, get rid of them. If the stock has been cleanly kept, there will be no lice to get rid of. Very seldom is a cow or calf lousy when in good condition. Keep their stalls and premises clean, give wholesome feed and enough of it, and the cows will not raise lice.

A little corn or bran will not hurt the cows and will save many steps of getting up the cows to milk. Don't forget the salt at the regular time. Grass requires more salt than did the dry feed of winter.

Feed the calves enough to have them do well. Allow them the run of a grassy, shaded lot, and unless supplied naturally with water, be sure to keep some before them.

Too rich feed may give the young calf indigestion. Guard against this, as after once becoming out of fix, it is much harder to regulate. Keep them well and keep them growing. This is true of all young stock, the only way to make a profit of it is to keep it growing.

Ration for Dairy Cows.

The average grain ration for dairy cows should contain at least one pound of cottonseed meal, as feeding this material results in a firmer fat and harder butter. The greasy appearance in the butter is caused by the softness of the fat globules, and the addition of the cottonseed meal will remedy this matter.

Water for Calves.

Set a pail of water into the corner of your calves' pen. You will find they will drink when not more than two weeks old. They often get very thirsty during the long, hot days of summer.
